Auto Repair Source

Getting Started

What is Auto Repair Source?

Powered by the automotive experts at MOTOR, Auto Repair Source provides the most accurate, authoritative and up-to-date service and repair information for thousands of domestic and imported vehicles. All content comes from the Original Equipment Manufacturers (OEM).

Content

- Service information optimized for the most common maintenance and repair operations.
- Technical service bulletins and recall notices.
- Component location diagrams for most domestic and imported cars and light trucks.
- Precise and comprehensive wiring diagrams for all systems.

- Maintenance schedules and estimated labour times for the most commonly performed operations in a mechanical repair shop.
- Engineering specifications/ standards for the most common repairs and adjustments.
- Diagnostic trouble codes, flowcharts, and step-by-step diagnostic instructions.
- Parts numbers, diagrams, and pricing for thousands of the most commonly replaced parts.

Accessing & Searching

Logging On

1. Visit the library website and select **eResources**.
2. Select **Auto Repair Source**.
3. Log in with your **library card barcode number** and **PIN number** (if you do not know your library **PIN number**, contact your local library).
